ESCAPE OF THE ALPHABATS

Bats to Cut Out:
Cut out these bats and tape or glue to a small token like a dime. Note that the letter "Q" is not used in this game.

Setup:

- Print or select a "bat cave" form.
- Place the 25 A-Z bats face up beside the form
- Unless using pencil and eraser.

Game Play:

1. Examine the groups of letters in the bat cave.
2. Determine where the A-Z letters can be placed to form escape words.
3. For each of the 25 bats, place it before or after the letters such that all of the letters form a valid word.
4. Rearrange, swap and move bats as needed.
5. Repeat until 25 words have been formed.
6. Check out solution.

Note: If you are using a pencil and an eraser, write the letter next to the Alpha Bit and mark off each used letter beneath each cave.
