- Each player takes a truck and immediately places it on a roadway at the corner of the map
- Remove the "Porch Pirate" Action Card
- Shuffle the Action Cards and pile face down
- Shuffle the Ingredient Cards and pile face down
- Shuffle the Location cards and place face down in two piles
- Give each player their empty pizza paddle
- Keep the roadblocks, stop signs, traffic lights, disabled truck and pizza slices available near the board
- Agree on whether players need to pick up two or three pizza ingredients.

GAME PLAY:

Players take turns rolling dice and playing action cards as per the basic rules. Players will be in one of the following phases at any time:

1. Getting their truck to Central Pizza
2. Obtaining their secret pizza order
3. Loading their ingredients into their truck
4. Baking their pizza
5. Moving their truck to the secret delivery location
6. Delivering their pizza

On each turn:

- Roll the dice - on doubles, refer to the Doubles Rules
- Optionally play an action card
- Move your truck the number of spaces indicated by the dice (in any direction along the main roads)

Follow the details for each phase below.

1 - GET TO CENTRAL PIZZA:

Your truck needs to be at Central Pizza to initiate a delivery.

2 - GET THE PIZZA ORDER:

When your truck is at Central Pizza, pick up two or three ingredient cards (as earlier agreed) and keep them secret.

3 - OBTAIN THE PIZZA INGREDIENTS:

Once you have your ingredient cards, roll the dice to move your truck to load it with the ingredients. Plan your route. When you pass or stop at your ingredient's location, load the ingredient into your truck. On each turn, continue until you have all ingredients in your truck.

4 - BAKE YOUR PIZZA:

Once you have all of your ingredients in your truck, start your return to Central Pizza. On each turn, roll dice and move your truck until you reach Central Pizza. Once there:

1. Remove the ingredient tiles from your truck and place them anywhere in the centre of town.
2. Return your ingredient cards to a discard pile.

3. Grab a pizza slice and place it in your truck.
4. Grab a pair of secret delivery location cards.
5. You are now ready to deliver the pizza.

5 - TRANSPORT YOUR PIZZA:

On each of your turns, roll dice and play action cards to get your truck to your secret delivery location.

6 - UPON DELIVERY:

Once you have landed next to your delivery location:

- Reveal your secret delivery location so that all players can confirm delivery
- Take the pizza slice from your truck and place it inside your pizza paddle
- Return your ingredient cards to the ingredient draw pile
- Place your ingredient tiles on a random location in the centre of town
- Repeat steps 1-6.

WINNING THE GAME:

The first player to return to Central Pizza after having completed five deliveries is the winner.
